

Experience you'll like for a career you'll love.

An internship through the Mississippi Press Association is an invaluable opportunity to learn first-hand the importance of community journalism in the Magnolia State. Open to students at in-state colleges and universities, the internships are 10-week programs during which participants work alongside the men and women who are the editors, reporters, photographers and hearts of Mississippi newspapers. Talk with your advisor, call your local newspaper or contact MPA directly for more information. At MPAEF, we're proud to help cultivate the next generation of great journalists.
